Available recommended options
Front skirt:
Recommended drain: Incl. INF101M (White finish)
Tile flanges: unavailable
Floating remote control: included if ordered with system
Linear overflow: Integrated

Attention: The installation of this bath should be done directly on a finished wall, preferably ceramic.

The center of the drain must be measured from the finished wall.

Additional(s) note(s)

Handmade product, edge width may be uneven and vary. The overflow is factory installed, the drain is included but not installed. When ordered with AeroMassage, blower must be remote mounted. If system, delivered with keypad not installed and remote control is included.
