Avertissement Warning

Nous vous recommandons de porter un équipement sécuritaire et adéquat et de lire les instructions d'installation avant de débiter les travaux.

We recommend you to wear adequate safety equipment and to read all instructions before beginning the work.

Pour une installation directement sur des tuiles. For direct installation on tiles.

Pour toute installation directe sur de la tuile. Veuillez noter qu'il est important que la tuile s'étende jusqu'à l'extérieur de la douche. Bien sceller le joint entre les tuiles et les montants de la douche à l'aide d'un scellant siliconé.

For direct installation on tiles. Please note that it's important that the tiles extend to the exterior of the shower. Seal the joint between the tiles and the jamb of the shower with a silicone sealant.

Entretien Maintenance

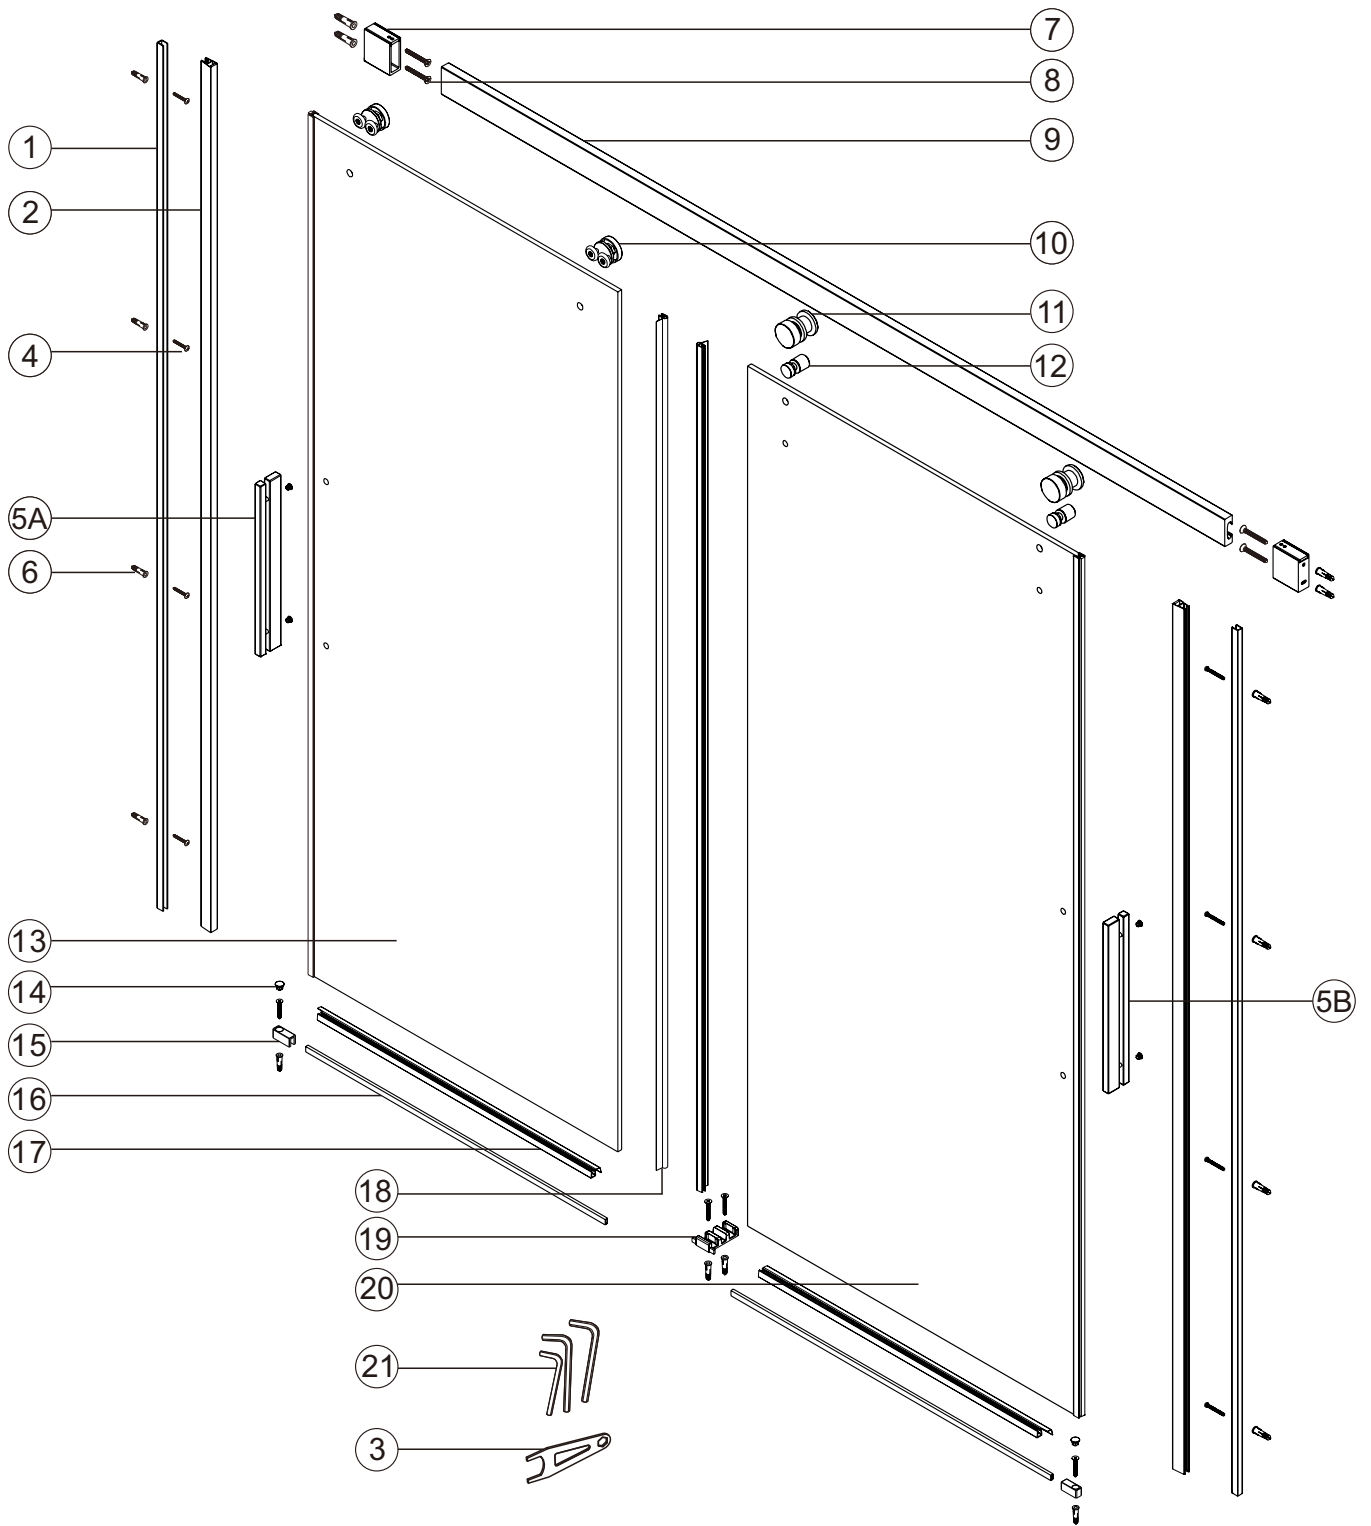

Pour conserver l'aspect neuf, il est conseillé de retirer l'eau et les résidus de savon avec une raclette après chaque utilisation. Environ une fois par semaine ou au besoin, vaporiser sur le verre une solution d'eau (2/3) et de vinaigre blanc (1/3). Utiliser un linge doux non abrasif avec de l'eau chaude pour le rinçage. Ne jamais utiliser de produits nettoyants abrasifs ou de matériel abrasif comme une brosse ou une éponge à récurer. Ne pas utiliser d'objets ou d'outils pointus. Un nettoyage régulier prévient l'accumulation de saleté et de taches tenaces.

To clean up and preserve the brand new aspect, it is recommended to wipe water and soap residue with a squeegee after every use. Once per week or when required, spray on glass a white vinegar (1/3) and water (2/3) solution. Use a soft cloth with hot water to rinse. Never use abrasive cleaning products or any abrasive material such as scouring brush or sponge or sharpen edge tools. Regular cleaning prevents the accumulation of dirt and tough stains.

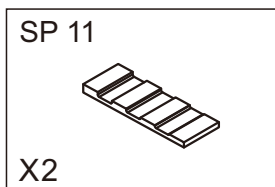

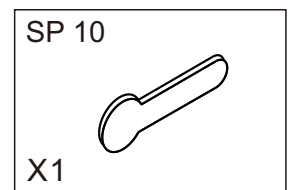

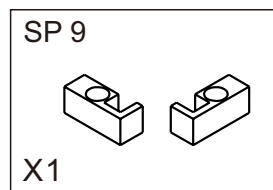

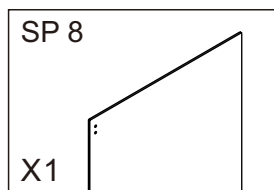

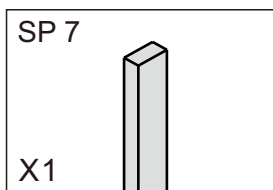

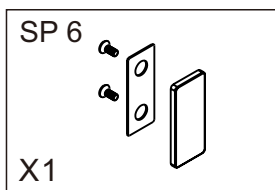

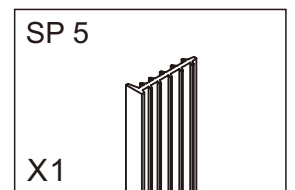

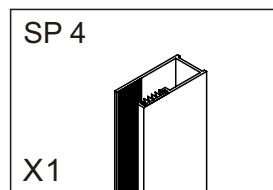

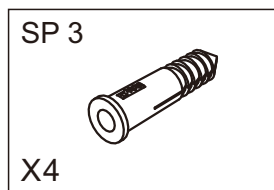

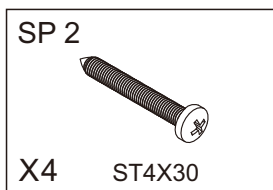

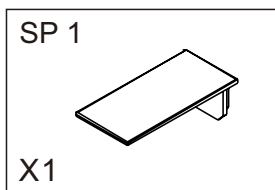

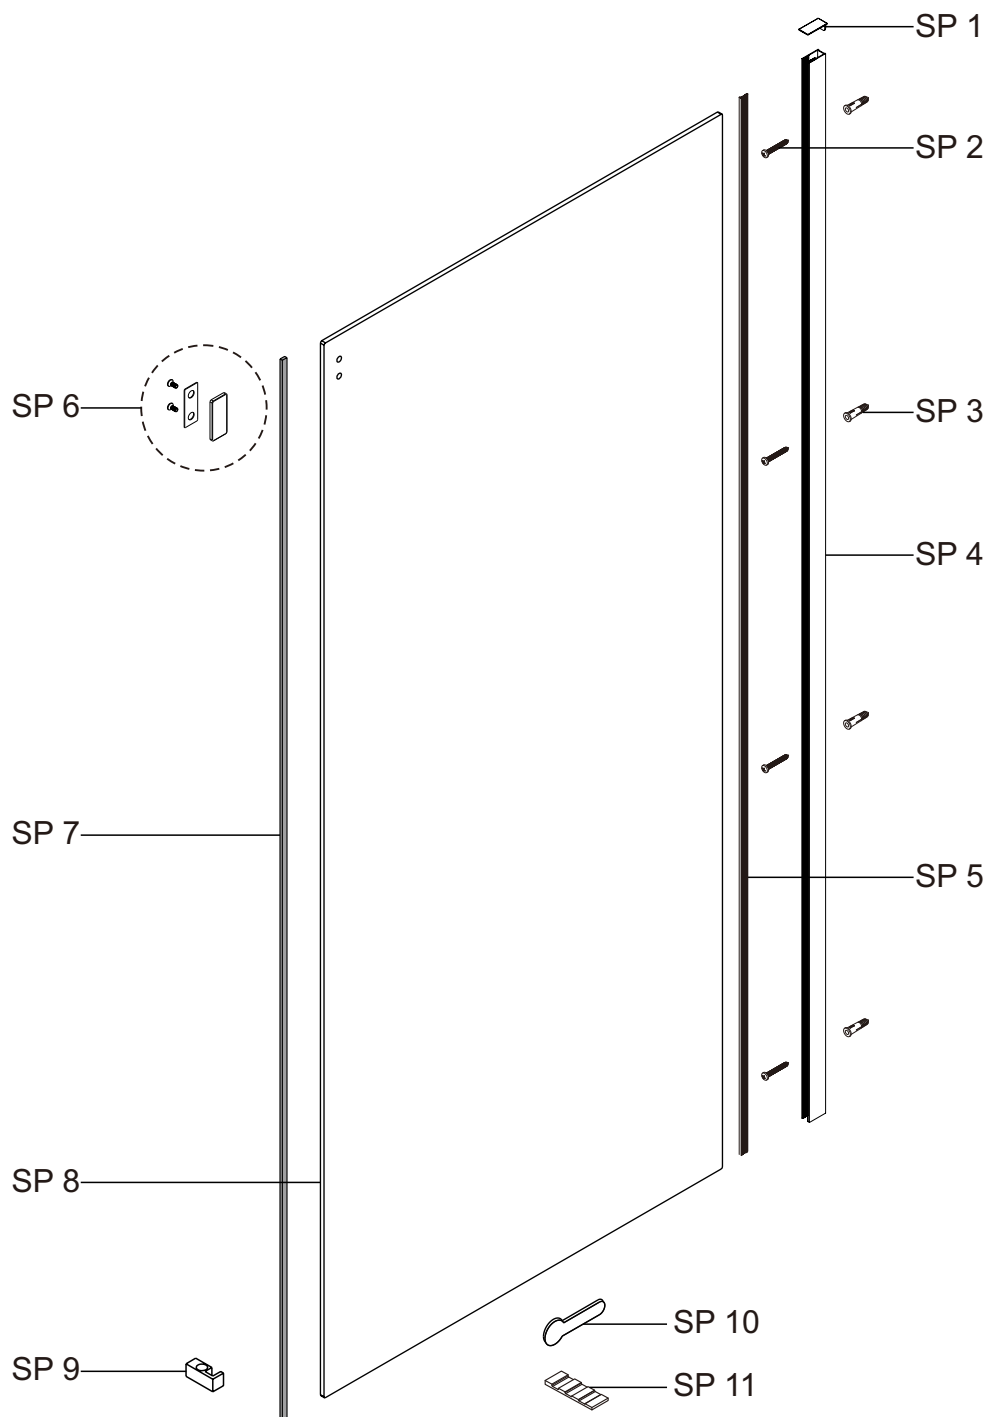

Utilisation Handling

Toujours manipuler les portes avec soin et sans mouvement brusque. Ne pas prendre appui sur les panneaux de verre lors de l'entrée ou de la sortie du bain. Ne pas suspendre d'objets lourds sur le rail horizontal. Éviter de s'asseoir ou de se tenir debout sur le rebord du bain, cela pourrait endommager le seuil anti-éclaboussure métallique.

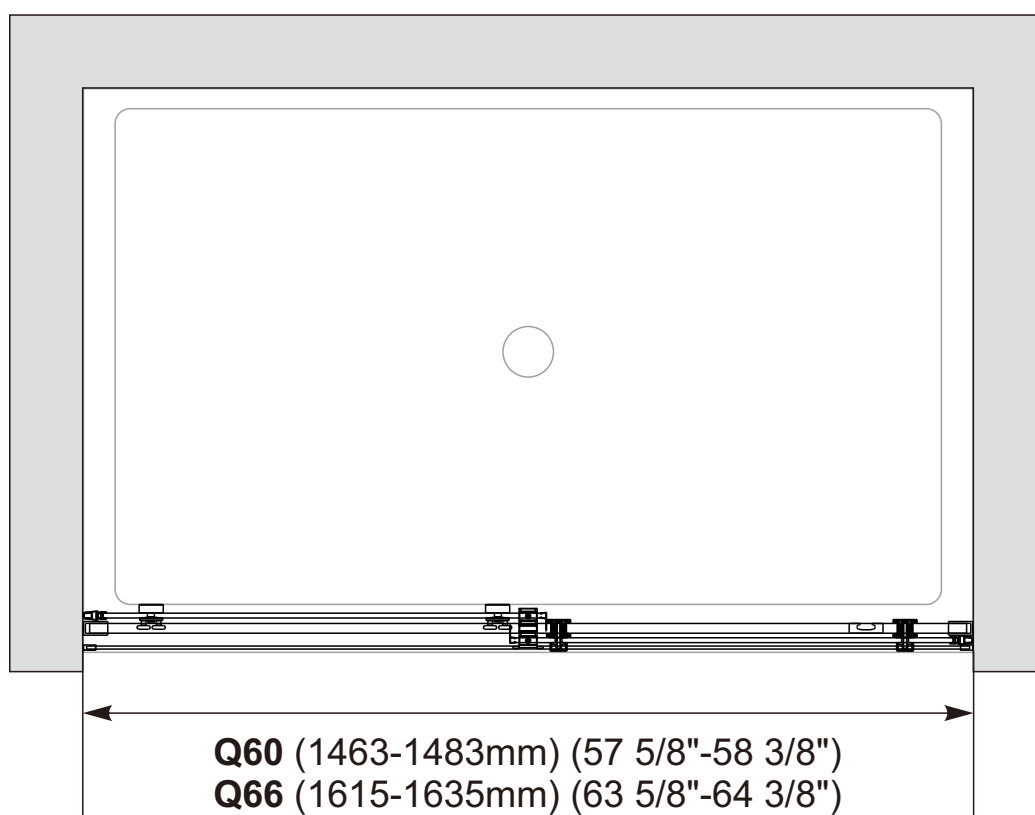

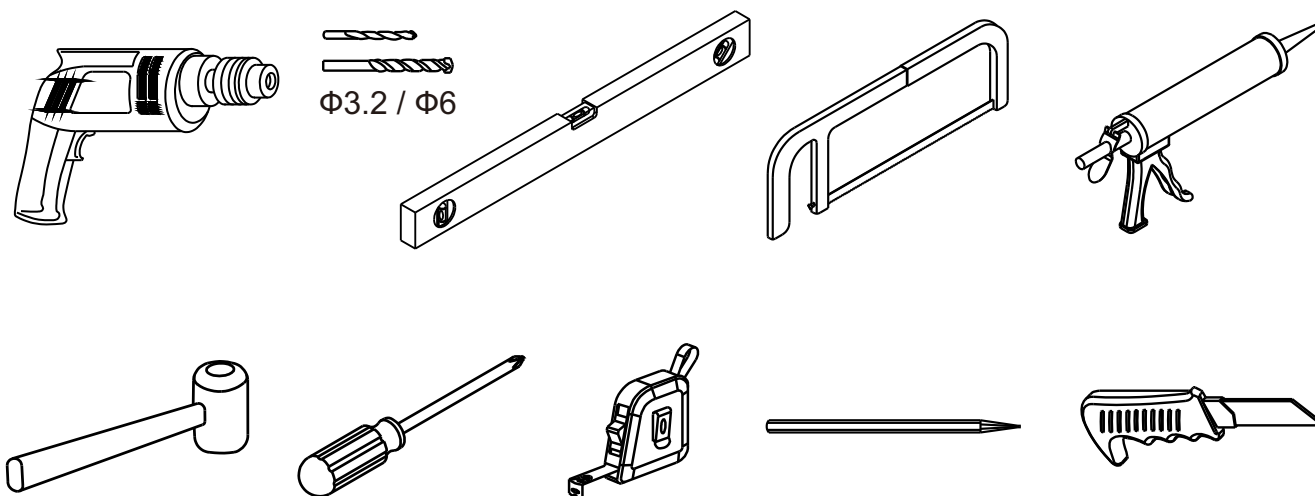

Always handle shower doors with care and avoid sudden movements. Do not support yourself on glass panels while entering or exiting the bathtub. Do not hang heavy objects on horizontal rail. Do not sit or stand up on bathtub edge as this can damage the metallic antisplash threshold.
